

Let's celebrate the fall season by making small pumpkin embellishments! Make just one or several for your own pumpkin patch. Add a magnet, a pin back or paper clip, or embellish a napkin ring or wreath. They are made of simple materials and you decide the shape and size. Watch Ann's step by step, how-to video for complete instructions. Be sure to post a photo of your fiber pumpkin on Facebook and Instagram using [#stircrazyvam](#) and [#vamfiberpumpkins](#).
